GLOBAL DESIGN iT AWARD 2024
Registration Information

For all participants, we request to follow the guidelines in this document for all submissions.

File Format	PDF
Language	English
File Size	Maximum 10MB
Screen Resolution	2,560 X 1,440 ppi

PDF

Create a PDF file containing visual presentations of imagery, sketches, ideations or layouts along with some descriptive texts.

Images: 5-7 key images of the project
(You can adjust the number of images within a range that does not exceed the file size.)

Description: Brief summary of the project (maximum 250 words)

VIDEO

When submitting a video, please submit a link/QR code to the project's content, such as a webpage, App store, Google Play Store, Youtube, Vimeo, or else that can be accessed from all over the world.
The URL/QR and its content must be active during the whole judge period, until October 2024. Please include a password for the access, which needs to be entered in the registration.

Recommend

Environment Design: Drawing submission is required and includes the following images.
1. Overall layout and scale to understand the relationship and context with the surrounding environment
2. The basic plan, elevation, section, and other drawing images that can express design intent
3. Completed space and environment images

AI & New Media Design: Recommendation of submitting video materials in which the finished work is being implemented.

Service Design: Rather than focusing on the result, organize the material so that the process can be clearly displayed in each of the four stages of the service design process, Discover/Define/Develop/Deliver.
